****Reminder****

Cedar Valley State Invitational is only open to students who are involved in a public, charter, or private school program as per UHSAA rules for it to be considered a state competition.

This means that ALL student partnerships and team competitors (except for Pre-Teen and Junior medley events) need to be in a class during the school day or a part of your normal program after school to participate in team or individual events. If partnerships have students from different schools, then BOTH students need to be involved in their local school's classes or team(s) and can only register through one of their school's coach who requests a registration form. ONLY coaches can register students for the Cedar Valley State Invitational competition.

Rules for individual and team events can be found here:
<https://www.utahballroom.com/ubea/ubea-competition-rules-regulations/>

***Any event with less than 3 competitors may be canceled or combined with a similar event*
